20	40	60	80	100	120	140	160	180	200	220	240	260

El funcionamiento estructural base del SINCRONARIO consta de dos piezas principales, una fija [13 Lunas] y otra móvil [Módulo Armónico] que operan simultáneamente como una, orquestando así una gran sinfonía matemática, armónicamente cíclica y sincrónica que sólo se repite cada 52 Anillos.
